UPPERCUT PUTS FRED FULTON OUT IN THIRD

Giant Negro Earns Right to Meet Dempsey in Titular Bout.

FULTON HAD NO CHANCE

More Than 10,000 Turned Away After Newark Armory Is Packed.

By CHARLES F. MATHISON.

Harry Wills, the giant negro who holds the title of black champion of America, last night knocked out Fred Fulton, challenger of Champion Dempmey, in the third round of a bout scheduled for twelve in the arena of the Newark Sportsmen's Club, Newark, . J., in the presence of a crowd that fammed the big armory to its capacity.

By reason of his victory Wills earned the right to a title match with Jack Dempsey, who sat at the ringside and watched the bout with the closest at-

The winning blow was a right uppercut to the chin, delivered while the men were at close quarters, and Fulton was hanging on to his black opponent with the desperation of fear. It was just Judge Refuses Bail—Repeats 2 minutes 35 seconds from the beginning of the third round that Wills floored the angular, white faced Fulton, and the was counted out by Referee Special to THE SUN AND NEW YORK HERALI Harry Ertle.

Laws in the Interest of Fishing.

The United Anglers League has done a great deal in the interest of fishing and fishermen. Through its agency many legistative enactments are on our statute hooks of the conservation, propagation and protection of edible fish. The league could accomplish a great deal more in its landable efforts if fishermen and those who profit through the sport would lend a helping hand. There are only a few captains of fishing boats, proprietors of fishing stations and sellers of tackle and bait who take any interest in the work of the league. Not 10 per cent. of them are members, although its costs but \$1.50 a year to be a member. These steeped by law: the size of the net member as though and shortly have no use for our tackle and shortly have no use for our tackle and though have been from the volume fish getting through and something done to protect its through the spentile point the volume fish great in the work of the league. When I think of the objects of the league, which have he use for our tackle and shortly have no use for our tackle and though the spentile point through and acquired fish while spawning, all of us will female fish, while spawning, all of us will female fish, while spawning, all of us will female fish while spawning and against the streat opposition, and what influence it could when the sport spatial space are increased to permit the young fish getting the proposition, and what influence it could when the sport spatial proposition, and what influence it could when the sport spatial space are proposition, and the proposition and pay the small amount necessary to help keep in the vicinity of Greater New York the work o
